

## Douglas School Library Book Benefactor Program

The Book Benefactor Program provides an opportunity for families to donate books to the Douglas School Library. Donating a library book is a meaningful way to honor an individual student or a group:

- To honor your child on his or her birthday.
- To congratulate a graduating sixth-grader.
- To remember a favorite teacher or staff member.
- To recognize an entire class or school year.

The library has a selection of books set aside for this program. Parents and students are welcome to stop by the library to browse the selections. A list of the books selected for donation is on the Douglas School web site <http://douglas.ab.mec.edu> at the "Book Benefactors" link and is updated throughout the year. The books are all library quality with special binding to hold up to years of use. Your donated book will be identified with a custom-designed bookplate. When the book is available to be checked out, your child will be the first borrower.

To donate a book:

- Choose the book(s) you wish to donate.
- Complete the Donation Request Form, including your inscription for the book plate and alternate choices in case of duplicate requests.
- Return the form with a check to "Douglas School PTO" for the stated amount to the Douglas Library.

If you have any questions, please contact Sue Stewart at the school library at 978-266-2560 or by email at [sstewart@abschools.org](mailto:ss Stewart@abschools.org). Thank you for your support!
